

# The Latrobe Valley's future as an Energy Powerhouse

## Community information evening

The Latrobe Valley could play a central role in Australia becoming a nuclear-powered nation. Clean, ultra low-emissions nuclear energy would support Australian industry and provide multi-generational careers.

**Wednesday 18th September, 6.00–8.00pm**  
**Morwell RSL, cnr Elgin St & Tarwin St**  
**Entry by donation. Book online to secure a seat:**
